taste.

🌊 How the 4-Wave Algorithm Works

🌊 Wave 1: Initial Pattern Recognition

Analyzes your basic taste preferences and brewing method preferences to establish your foundational coffee profile.

🌊 Wave 2: Contextual

My Coffee Profile App User Manual

Your guide to discovering the perfect cup with AI-powered matching

🚀 Getting Started

1

Take the Coffee

💡 Tips & Best Practices

🎯 Be Honest in Your Responses

The algorithm works best when you provide authentic answers about your preferences, even if they seem unusual.

☕ Try High-Match Recommendations

Start with coffees that have 85%+ match scores for the best initial experience.

fresh and accurate.

🔧

Troubleshooting

Q: My recommendations don't seem accurate

A: Try retaking the quiz with more detailed responses, or provide feedback on previous recommendations to improve accuracy.

Q: I don't see many high-match coffees
